

Happy New Year 2021

Aaji Sewa Kendra - Dharavi

- Many parents were asking us to resume daycare so we restarted the centre in December with three children. The parents accept the responsibility for their children just in case something goes wrong.
- The school remains mostly online although lower kindergarten children attend classes three days a week. The government's guidelines say that we can only resume full fledged school from the coming academic year.
- We now have a total of 12 aajis (widows) with whom we are in touch and care for regularly. The ongoing construction work at the Kendra has stopped us from helping the aajis more.

Nurses Training Programme - Salem

- Nurses training institute has now resumed classes, following the government guidelines.
- Five new pupils have joined this year. Pray that they will work hard and prepare well so that they will be able to serve the community.

Shining Light School - Pune

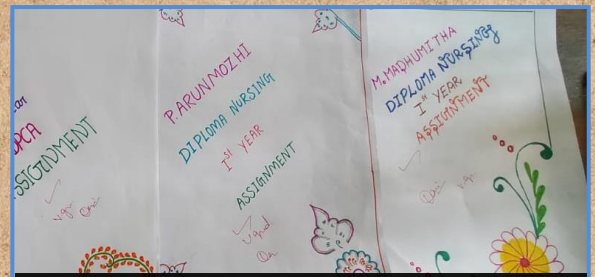

- Praise God! Shining Light School has acquired a football ground adjacent to the new School building. It has been a miraculous provision of the Lord. Above is a picture of the football ground.

Funds Distribution

Thank you for your December, 2020 contributions (Rs. 10,125). They were used as follows:

Nireekshe, Mysore : Rs. 20,000

Yuvalok, Bangalore : Rs. 20,000

Picture of assignments submitted by the first year nursing trainees.

Project Karuna - Gulbarga

- Ration hampers were given to the elderly residents at Jyothi leprosy colony in Yadgir. The residents were also given seeds for planting. The picture on the left shows the residents with gift hampers.
- Michael and his team stopped a child marriage that had been planned to be conducted at Gandhi leprosy colony.

Two safe water systems were installed in the state of Karnataka, in December 2020.
