

Happy Christmas

Aaji Seva Kendra

- We've been in touch with aajis. ASK assisted the aajis with follow-up visits after the cataract surgery. Also, we provided monthly groceries to the aajis under our care.
- The latest developments related to the new COVID-19 string is causing concern. The police are going on the streets of Dharavi demanding the closure of schools and colleges as a measure to slow down the spread of the omicron variant virus. On the other hand, parents want to send the children to school. Pray for divine wisdom.
- We are starting 3rd standard from the next academic year. We have outgrown the current facility. Pray that we will find suitable accommodation soon.
- Pray for divine wisdom and good health for Virendra, Lata and the staff.

Karoon Charitable Trust

- We have planned a Christmas programme for the 150 children from leprosy-affected colonies in Gulbarga. Also, we are planning to visit each family and present a gift hamper. The hamper will include stationaries for school-going children.
- Pray for Laxmi, one of the ladies from the Gandhi leprosy colony, suffering from cervical cancer.
- Pray for Michael's health as he has severe body ache due to bones becoming weak.

Nurses Training Programme

- We have reopened our laboratories for the students to conduct experiments every afternoon.
- This month our students scored well in Pharmacology and First Aid tests conducted at the institute.
- Students completed assignments on Fracture, First Aid, Dressing, etc.
- We will send our second-year students to a hospital in Salem for training and practical exposure. Please pray that the students will do well.

Trainer teaching the students how to operate a BP monitoring machine, in Salem.

Vendors with the new "Push-Carts" presented by Yuvalok Foundation.

Yuvalok Foundation

- Yuvalok helped ten hawker-community families with "Push-Carts" to help them go selling fruits and vegetables with ease. This community suffered greatly during the lockdown and COVID-19 restriction that followed.
- Overall, Yuvalok has helped 15,000 families with Food Grain Kit.
